Mr. W. M. Chaddick, Jr.  
Sun Oil Company  
P. O. Box 2431  
Corpus Christi, Texas

Dear Bill:

Following our telephone conversation of yesterday, I reviewed everything we had talked about with Leslie Bowling. He believes that my suggestion of holding the Steering Committee meeting on the day previous to our meeting with the Houston society executive committee a wise one.

I relayed your invitation that he joins us in both meetings and urged him to accept. He has agreed if you, as chairman of the Steering Committee, will write him an official letter inviting his attendance. Certainly, as past-chairman, he will be in the best position to answer whatever objections to our organization may arise in the meeting with the Houston representatives. I believe, too, that in our first Steering Committee meeting we could profit by his direct suggestions as to preparing best for 1952 affairs.

It is very flattering, Bill, that you consult me on these Association matters and I am very appreciative. I am most optimistic over this turn that the Houston Society affair has taken and feel confident that we will find a solution to our problems that will be agreeable.

May I take this opportunity to wish you and your family a wonderful holiday ?

With kindest personal regards, I am

Very truly yours,

Charles De Blieux
