New Orleans, La.

Dear Charley:

I should like very much to have a copy of your steering committee report on the proposed Gulf Coast Association of Geological Societies and also any information as to the present status of affairs. We plan to appoint a committee to study the problems of regional meetings.

Yours very truly,

JCM:MS

New Orleans 12, La.

Dear Sir:

Your letter of May 21 outlining the organization of the Gulf Coast Association of Geological Societies will be very helpful in our discussions of midcontinent problems. Thank you for such a complete explanation.

Yours very truly,

John C. Maher
