A. P. CLAUDET, PRESIDENT  
LESLIE BOWLING, PAST-PRESIDENT  
PAUL S. LEWIS, VICE-PRESIDENT  
JOHN J. COLLIER, SECRETARY  
EUGENE M. BAYSINGER, TREASURER

NEW ORLEANS 11, LA.  
P. O. Box 1613

May 4, 1951

Mr. Charles A. Hickcox, Sec.-Treas.  
The Shreveport Geological Society  
Centenary College  
Box 750  
Shreveport, La.

Dear Mr. Hickcox:

As you know, the Gulf Coast Association of Geological Societies was recently organized for the purpose of holding an annual meeting at which time pertinent papers could be presented, and to establish a means of quick publication for acceptable material.

The following societies have formally joined the recently organized Gulf Coast Association of Geological Societies:

1. Houston Society
2. South Louisiana Society
3. Shreveport Society
4. Jackson Society
5. New Orleans Society

On March 14, the Steering Committee for this Society - composed of a delegate from each member society - met in Houston and voted to hold the first annual meeting of the G.C.A.G.S. in New Orleans from November 15 - 17, 1951.

In order to contact the individuals of the various societies for the purpose of determining hotel reservation quotas, etc., we would greatly appreciate having a roster, or list of your present members, together with their addresses. This request is being made at this time since many of the societies disband for the summer. However, much of the groundwork for this meeting will have to be done by early fall.

We will greatly appreciate receiving a membership list at your earliest convenience.

Yours very truly,

  
John J. Collier,  
Secretary

JJC:RA
